

This leaflet shows the five minute walk zone that has been mapped out by our pupils. In order to reduce congestion at the school gate we would like those who currently arrive by car to park outside of the zone and walk the last five minutes to school.

This will improve safety and the environment around the school site and allow the opportunity for some healthy exercise at the start and end of the school day.

We thank you for supporting our five minute walk zone.

**If you live inside** the five minute walk zone you could walk or cycle to and from school every day. Even if you need the car to travel to work, it may be quicker and easier to leave it parked at home while you do the school run.

**If you live just outside** the zone, try walking or cycling - it could be quicker than you think!

**If you have to travel by car** to school, please try to park outside the walking zone, with care and consideration for local residents, and walk the rest of the way.

**Pupils from the school have helped to develop this project and have walked the routes to prove that it only takes five minutes!**

**If you would like this information in another language, Braille, audio tape, large print, easy English, BSL video or CD rom or plain text please contact: 0117 903 6103**

# St Bonaventures Catholic Primary School 5 minute walk zone

Our aim is to reduce traffic congestion around the school, to improve safety for everyone and to encourage families to walk at least part of their school journey.
